PUBLISHER'S NOTICE. THIS WORK was commended in November.

Many unlooked for obstructions, chiefly of a typo- Sir Frederick J. Halliday. graphical nature, materially retarded the progress of the work in the first instance, and these being evercome, the author discovered that he had underestimated the extent and the importance of the vast task he had undertaken, and that it would occupy fully double the time and space and squaries. which he had at the outset computed. The publication of a work of such magnitude and presenting so many and such varied obstacles seldem falls to the limited resources of one single indivito I, as occurs in this case. The first part of the work is now issued, partly-at the request of the author and partly to afford the Foreign Community of China an opportunity of extending that assistance to the nublisher, which under the circumstances is usually so freely accorded. The price of the book complete, will be \$30, James Joseph Mackenzic, Esq., late of Messre, and it will be published in four parts at \$7.50 Dent & Co., China.

each. But this objection presents itself to the sale of the paris separately, should the purchaser of one or mere parts not take the others, a number of incomplete, and consequently valueless, copies will be left on the publisher's hands. To remedy this objection, in consideration of the vircumstances already alluded to, it is hoped that those who see fit to patronise the undertaking by purchasing the first part, will not object to signing an engagement to take the remaining parts as they appear, or should they prefer it, to pay for the entire work in advance.
